

Data Warehouse Specialist

Inbank is a financial institution whose roots go back to 2010 and which offers credit and deposit products on four European markets. But our ambitious go even further. We are building a new kind of bank with the cornerstone of our strategy being masterful financial technology and geographic expansion. We are looking for talented people to contribute to the Estonian banking sector's success story here and elsewhere in Europe.

Our Data management & BI area is expanding. Therefore, we are looking for a Data Warehouse Specialist who will cooperate with business users, IT and Data warehouse & BI team in all of our markets (Estonia, Latvia, Lithuania and Poland).

JOB DESCRIPTION
